Shadows of Liberty Screening Menu

If you’re reading this menu you probably already know that US media is controlled by a handful of corporations and that this has proven to be a tremendous threat to our democracy. Chances are you are also the type of person who wants to do something about it! Screening the Shadows of Liberty Documentary is a great way to draw attention to the urgency and importance of this issue, and lay the foundation for change. There is certainly no one size fits all structure for screenings, but most can more or less fit into the below categories:

**House Screening:** Gather friends and family members to watch Shadows of Liberty from the comfort of your own home. DVD Purchase Cost: $29.95

**Community Screening:** Whether you are affiliated with an organization that works on media reform, a religious organization committed to social action, or a concerned citizen wanting to share the knowledge, you can harness the power of watching the film as a group. Community screenings can be excellent for kicking off a campaign, building your base of supporters, and/or raising funds for your group.

Licensing Costs: Small Community Screening (1-50 people): $100

- Medium Community Screening (51-100 people): $200
- Large Community Screening (more than 100 people): $350

**Red Carpet Screening:** If showing the film on the big screen at your local theatre as a flagship event for your organization is what you have in mind, let’s talk about putting together a Red Carpet Screening!

We would be happy to help you identify and contact local, national and even international media experts, journalists, activists, and academics to participate in your Red Carpet Screening. We can also work with you on the planning and logistics that will help make your event a success.

Whether you choose from one of the above options, or have something else in mind (we LOVE hearing about new and creative ideas for screenings) you can count on the support of the Shadows of Liberty US Outreach Coordinator to make your event a success. Some of the resources that will be available to you once you purchase your screening license are: A media reform action kit, a poster easily customized for your screening, planning tools and a post screening discussion guide. We can also provide you with DVD’s to sell at your screening to raise funds.

To get started, contact Debra Brown (Debra@docfactory.org or 720-917-4900) to discuss the screening option that best suits your goals.
